PCAFC Monthly Stipend

VA offers a number of benefits through PCAFC to support Family Caregivers, including a monthly stipend to Primary Family Caregivers. Primary Family Caregivers will receive a monthly stipend for each month's participation as a Primary Family Caregiver.

Monthly Stipend Rate

VA bases stipend payments on the definition of "monthly stipend rate," which means the Office of Personnel Management (OPM) General Schedule (GS) Annual Rate for grade 4, step 1, based on the locality pay area in which the eligible Veteran resides, divided by 12.

Stipend Payment: Two Levels

The amount of the monthly stipend the Primary Family Caregiver is eligible to receive, is determined based on information gathered during VA's evaluation of the Veteran's personal care needs.

- **Level One:** The Primary Family Caregiver's monthly stipend is calculated by multiplying the monthly stipend rate (OPM GS Annual Rate for grade 4, step 1, based on the locality pay area in which the eligible Veteran resides) divided by 12, multiplied by 0.625.
 - For example, the GS rate at grade 4, step 1, in Dallas, Texas, for 2022 was \$34,916 annually.
 - Thus, the monthly stipend amount for a Primary Family Caregiver of an eligible Veteran in Dallas, Texas, at this rate (\$34,916, divided by 12 multiplied by 0.625) was approximately \$1,818.54 in 2022.
- **Level Two:** If VA determines the eligible Veteran meets the definition of "unable to self-sustain in the community" for the purposes of PCAFC, the designated Primary Family Caregiver's monthly stipend is calculated by multiplying the monthly stipend rate (OPM GS Annual Rate for grade 4, step 1, based on the locality pay area in which the eligible Veteran resides) divided by 12 multiplied by 1.00.
 - For example, the GS rate at grade 4, step 1, in Dallas, Texas, for 2022 was \$34,916 annually.
 - The 2022 monthly stipend amount for a Primary Family Caregiver of an eligible Veteran in Dallas, Texas, at this rate (\$34,916 divided by 12 multiplied by 1.00) was approximately \$2,909.67.

Annual Updates to the Monthly Stipend Rate

While not guaranteed, OPM may make annual updates to the GS pay tables. In the event OPM makes updates to the GS Annual Rate for grade 4, step 1, the monthly stipend rates paid to Primary Family Caregivers will be adjusted to reflect these updates. Adjustments to stipend payments that result from OPM's updates to the GS Annual Rate for grade 4, step 1 will take effect the first of the month following the month that OPM announces an update to the GS rates, but no earlier than the date OPM's update becomes effective.

For example:

- This means that in years that OPM announces the update in Dec. (with a Jan. 1 effective date), the Veterans Health Administration (VHA) would update the PCAFC monthly stipend rate effective Jan. 1.
- If OPM announces the update on April 15 (with a Jan. 1 effective date), VHA would update the PCAFC monthly stipend rate effective May 1.

The increase would be reflected in the stipend issued at the end of the month in which it is updated by VHA or the first of the following month since the stipend is paid for the prior month.

The VHA Caregiver Stipend Team (CST) issues the recurring stipend payments and processes all updates related to the stipend. You may contact VHA CST for information on the processing activities for the monthly stipend payment via:

Collection of Overpayments

For the purposes of PCAFC, an overpayment means **a payment made by VA to an individual in excess of the amount due, to which the individual was not eligible, or otherwise made in error.** An overpayment is subject to collection action, even if the overpayment is the result of VA error.

- When VA seeks to collect an overpayment, the Primary Family Caregiver will receive a letter from VA's Financial Services Center. This letter will provide the amount due and the reason(s) for the overpayment. The letter will include instructions on how to dispute the overpayment, how to request a waiver, and a Notice of Rights and Obligations and VA contacts. Overpayment resolution can be addressed more efficiently by Primary Family Caregivers providing an email address and opting to receive electronic communications.

Primary Family Caregivers for Legacy Participants and Legacy Applicants:
